

ReciboPagos

Guía de instalación

Plugin – WordPress/WooCommerce

Acciones previas

- Iniciar sesión en panel de administración WordPress
- Contar con WooCommerce instalado
- Dirigirse a “plugins > agregar nuevo”

The screenshot displays the WordPress admin interface. On the left sidebar, the 'Plugins' menu is selected, and the 'Add New' option is highlighted with a green box. The main content area shows the 'Plugins' page with a table of installed plugins. The 'WooCommerce' plugin is highlighted in light blue. A yellow notification banner indicates that a new version of Akismet Anti-Spam and WooCommerce is available.

Plugin	Description	Automatic Updates
<input type="checkbox"/> Akismet Anti-Spam Activate Delete	Used by millions, Akismet is quite possibly the best way in the world to protect your blog from spam. It keeps your site protected even while you sleep. To get started: activate the Akismet plugin and then go to your Akismet Settings page to set up your API key. Version 5.1 By Automattic View details	Enable auto-updates
There is a new version of Akismet Anti-Spam available. View version 5.3 details or update now .		
<input type="checkbox"/> Hello Dolly Activate Delete	This is not just a plugin, it symbolizes the hope and enthusiasm of an entire generation summed up in two words sung most famously by Louis Armstrong: Hello, Dolly. When activated you will randomly see a lyric from Hello, Dolly in the upper right of your admin screen on every page. Version 1.7.2 By Matt Mullenweg View details	Enable auto-updates
<input type="checkbox"/> WooCommerce Settings Deactivate	An eCommerce toolkit that helps you sell anything. Beautifully. Version 7.5.1 By Automattic View details Docs API docs Community support	Enable auto-updates
There is a new version of WooCommerce available. View version 8.1.1 details or update now .		
<input type="checkbox"/> WooCommerce ReciboPagos Gateway Deactivate	Permite pagos usando ReciboPagos Version 1.0 By Cristian Contreras	
<input type="checkbox"/> Plugin	Description	Automatic Updates

Paso 1 – Cargar plugin

- Pulsar “cargar plugin” (fig. 1) y seleccionar (fig. 2) el archivo comprimido que le será entregado por el equipo ReciboPagos. Luego, pulsar “instalar ahora” (fig.3).

Paso 2 – Configurar plugin

- Una vez instalado exitosamente, debe dirigirse a la ruta “WooCommerce (fig. 1) -> Ajustes (fig. 2) -> Pestaña “Pagos” (fig. 3) y selecciona “Gestionar” (fig.4) en el método de pago “ReciboPagos”

The screenshot displays the WordPress admin interface for configuring the ReciboPagos plugin. The left sidebar shows the navigation menu with 'WooCommerce' (1) and 'Settings' (2) highlighted. The top navigation bar has the 'Payments' tab selected (3). The main content area shows a table of installed payment methods:

Method	Enabled	Description	Action
Direct bank transfer	<input type="checkbox"/>	Take payments in person via BACS. More commonly known as direct bank/wire transfer.	Finish set up
Check payments	<input type="checkbox"/>	Take payments in person via checks. This offline gateway can also be useful to test purchases.	Finish set up
Cash on delivery	<input type="checkbox"/>	Have your customers pay with cash (or by other means) upon delivery.	Finish set up
ReciboPagos - Paga con ReciboPagos	<input checked="" type="checkbox"/>	Configuración medio de pago ReciboPagos	Manage (4)

Below the table is a 'Save changes' button. At the bottom, the 'Recommended payment providers' section shows 'PayPal Payments' with a 'Get started' button.

Paso 2 (cont.) – Configurar plugin

- Una vez dentro de la pantalla de configuración del método de pago, podrá establecer si desea que este sea activado para operar (fig. 1), modificar el título y descripción a desplegar en carrito además de incorporar las llaves “api key” (fig. 2) y “api secret” (fig. 2), requeridas para establecer conexión con ReciboPagos. Para culminar la configuración, pulse “guardar cambios” (fig. 3)

The screenshot shows the WooCommerce Payments configuration page for the ReciboPagos plugin. The page is titled "Payments" and has several tabs: General, Products, Shipping, Payments, Accounts & Privacy, Emails, Integration, and Advanced. The "Payments" tab is selected, and the "ReciboPagos" plugin is highlighted. The configuration is divided into several sections:

- Activa/Desactiva:** A checkbox labeled "Activar ReciboPagos" is checked, indicated by a green box and the number "1".
- Título:** A text input field contains "Paga con ReciboPagos".
- Description:** A text area contains "Paga con ReciboPagos de manera segura". Below it, a note says "Indica el descriptor del medio de pago en la pagina de checkout".
- Api Key:** A text input field is empty, indicated by a green box and the number "2". Below it, the text "Llave única de cada comercio" is visible.
- Api Secret:** A text input field is empty, indicated by a green box and the number "2". Below it, the text "Secreto compartido entre recibopagos y la tienda" is visible.
- Save changes:** A blue button labeled "Save changes" is highlighted with a green box and the number "3".
